

Ag Recycling Pilot Project

YELLOWHEAD COUNTY AGRICULTURAL FILM AND TWINE RECYCLING PILOT PROJECT CONTINUES

Yellowhead County farmers can now recycle their unwanted twine and agricultural film by participating in this free pilot project. Yellowhead County, through its Agricultural Services Department, is one of only a few communities throughout Canada currently participating in the project.

"Farmers are always looking to make smart choices for their farms and for the environment," says Jennifer Benson, Agricultural Services Supervisor of Yellowhead County. "By offering this pilot with CleanFARMS, we are able to help farmers do this."

CleanFARMS, an industry-led national not-for-profit agricultural waste management organization, is heading this pilot project with support from Yellowhead County

COLLECTIONS TAKE PLACE AT THE FOLLOWING LOCATIONS:

- Wildwood - NE 16-53-09-W5
- Parkcourt - SE 35-54-08-W5
- Peers - NW 10-54-14-W5
- Edson Recycling Depot - 5237 1st ave. Edson
